Finished sizes of Table or Bed Runners is 20" - 21" by: Table=52", Twin=52", Full= 64" - 68", Queen= 74" - 76", and King= 88"- 90". Your batting and backing need to be at least 20" - 21" by 52", 68", 76" or 90".

TABLE RUNNER DIAGRAM

The turquoise Table Runner I used a patterned fabric for fabric D and with the red/gold Table Runner, I used the patterned fabric in the E area like the original pattern. I did not serge the outer edges. I used regular batting and decorative stitching to keep the layers together in the turquoise sample, and fusible batting with the red/gold sample.

- Fabric A you'll need 1/3 yard for Twin, Double or Queen and 1/2 yard for King.
- Fabric B you'll need 1/3 yard for all sizes.
- Fabric C1 (closer to the center) is 1/6 yard for Twin, Double, or Queen, and 1/4 yard for King.
- Fabric C2 is 1/6 yard for Twin, 1/4 yard for Full, Queen, & King. Note: I used the same width of the piping as the C1 fabric.
- Fabric D you'll need ¼ yard for Twin, 1/3 yard for Full or Queen and ½ yard for King.
- Fabric E ½ yard for Twin or Full, 2/3 yard for Queen, and 3/4 yard for King.

Cutting the fabric prior to class will help to keep the class on time. If you are using the same fabric for two locations, cut the longer/larger pieces first. I used the same fabric for Fabric A and E in the red/gold runner.
