#### Clean Your Machine

Be kind to your machine and give it a DIY cleaning after every major project, or more often, if your materials are linty. We recommend a professional "Day-at-the Spa" service annually.

## QDC-G FEATURES

### Innovative LCD Screen with Fast Navigation

Intuitive navigation allows you to locate your stitch choice and setting quickly. The large, glow LCD display gives stitch and sewing information that's easy to read at a glance. Spend less time scrolling and more time sewing.

### Powerful Sewing and Lightweight Carrying

The reliability and power may evoke a heavy-duty - and heavy - machine, but the DC Series machines are lightweight for easy portability. Your machine is sturdy but not bulky, so it's easy to take along to classes and clubs.

## Advanced Start/Start Button

Sewing drapes and other long straight seams is so much easier when you don't have to worry about the foot control! Located close to the needle so you don't have to move your hands, the Start/Stop button lets you relax your pedal foot. At the beginning of a seam, simply press and hold to slowly accelerate up to your set speed. At the end, press and hold to slow down and stop - A Janome Exclusive.

## Fully Automatic Sensor Buttonholes

Drop your button into the sliding gauge and the foot makes the buttonhole the right size every time. Choose from 7 styles for the 4300 QDC and 4120 QDC, 6 styles for the 3160 QDC, and 3 styles for the 2030 QDC.

## Quilting Attachment Kit

Sewing Everything you need for quilting on your QDC sewing machine. The set includes the Open Toe Darning Foot, Walking Foot, and Cloth Guide.\*Quilting Kit not available on 2030DC Models\*

## Accessories Compartment

Store all your accessories in one easy-to-reach location. Removes to reveal the extra long free arm.

## What We're Up To

Connie cut the fabric for three of these, circa 2004 and made one for a dear friend that year. She recently discovered the other kits and decided to make one for a Christmas gift for her son and family.

Renee' made this NEW store sample. It's the first in a series of monthly banner patterns. Quick to complete at only 6" x 20".

Let us know if you would be interested in a monthly class or in-store sew-along featuring these banners!

## Classes

### Learn-to-Sew: Pattern Layout

Sat, Jan 20, 1:00 pm to 4:00 pm

Learn the basics of how to read, lay out, and cut from a commercial pattern. We'll be working with a unisex bathrobe pattern.

For this class you must use woven fabric such as quilting cotton. Do not use flannel or fleece, they are too difficult to work with for beginners. Ages 15 and up

## MAKE A TRAVEL SEWING KIT

This project comes to us from **Sew4Home**, here's what they say about it:

Our friends at Janome America came to us with information about their initiatives to encourage folks of all ages to continue to explore sewing. As we mentioned, many people who had *never* sewn before took the plunge to make face masks during the early stages of the pandemic. When you're brand new to sewing and craft, it's very rewarding to be able to make something yourself – even something as simple as a mask, but in order to continue – and expand – your interest level, you need creative projects that are beginner friendly.

Originally designed as a “next step project” for all those intrepid mask makers from early 2020, this colorful zippered pouch is sized and designed to hold whatever you need to stash and store when you're out and about. Use it with your own clip-on wrist strap as a mini purse or ditch the strap and pop the pouch into a larger tote or handbag. It's a beginner-friendly project, but with lots of fun, new techniques to try.

**Skill Level:** Beginner
