Good News!

A quilt is a type of bed cover, traditionally composed of three layers of fiber, a woven cloth top, a layer of batting or wadding, and a woven back, combined using the technique of quilting. A quilt is distinguishable from other types of blankets because it is pieced together with several pieces of cloth.

National Quilting Day recognizes quiltmakers and their quilt-making abilities. The word 'quilt' comes from the Latin word 'culcita,' which means stuffed sack, it became adapted to the English language from the French word 'cuiltte.'

Quilting practices can be found in almost every area of the world and it is celebrated on the third Saturday in March every year. The National Quilting Association started National Quilting Day in 1991 and since then it has grown into a global celebration for all quilt lovers and makers.

Stable Stuff 20in x 10yd Roll

A versatile, multi-purpose stabilizer

Stable Stuff® Poly is a polyester-based stabilizer that becomes a fine, soft layer of poly fibers inside your project once it is immersed in water or washed. If not immersed, the stabilizer will soften and become pliable over time with handling and wear.

Use Stable Stuff for:

- Hand and machine appliqué
 - Machine embroidery
 - Foundation piecing
 - Marking quilt designs
 - Trapunto, and more!
- Package includes: 20" x 10 yd roll

Patchwork Bed Runner

Perfect for practicing a scant 1/4in seam.

A bed runner is a decorative throw for the foot of the bed. It's lovely to look at, and it helps protect a fancier full-size quilt or bedspread. You can sit on a bed runner or even stretch out and place your feet on it. We used ours to show off the quilting features of [Janome's sewing and quilting machines](#). It finishes at approximately 92" x 34" and is sized for a king or queen mattress. The sample runner is shown in the photos on a king bed; there would simply be more drape down either side on a queen.

CONSERVATION IN SANTA FE OPEN SPACES

Conservation in Santa Fe County Open Spaces

Southside Library Community Room

Saturday, March 16, 2024

4:00pm - 5:00pm

Come learn about some of the natural resource management activities happening in Santa Fe County wild spaces!

Some of our Santa Fe County Open Spaces are undeveloped wild areas that provide important habitat and migration corridors for pollinators and wild animals. We'll discuss the fire mitigation prescription we are developing, the positive impact beavers have had in increasing our water supply, the initial results of our erosion mitigation measures, and other restoration activities happening in Santa Fe County.

Presented by Santa Fe County Open Space Program.
