#### Call for Volunteers to Help Water New Monarch Butterfly Habitat

The City of Santa Fe River and Watershed Division is working with [River Source](#), a local non-profit, to restore milkweed plants to a staging area that was used during a recent, large river repair project. This project, now completed, included minor contouring, rock work, seeding, and mulching.

The City will be replanting milkweed in the staging area. The milkweed seeds and starts were supplied by the [Institute of Applied Ecology](#), and by an advocate and neighbor, Jeanne DiLoreto. Milkweed is crucial for monarch butterfly survival because monarch caterpillars exclusively feed on it, and female monarchs only lay eggs on milkweed plants, making it their sole host plant and a vital food source for their larvae. The planting will take place on March 21st, and watering will likely begin on March 24th.

Volunteers are needed to help water these precious new milkweed plants. To sign up, please contact Zoe Issacson [zrisaacson@santafenm.gov](mailto:zrisaacson@santafenm.gov).

## Announcements

Every 1st and 3rd Tuesday of the month at 12:00pm Mountain Time, LIVE with Ashley Jones.

**UP NEXT:** Behind the Scenes "On the House" Project, April, 1 Noon MT.

## Featured Products

### [Flexible Floe Runner](#)

This is the perfect beginner project, since the blocks are trimmed to the same size AFTER the angled seams are sewn. A little fudge factor built into a project is always a good thing!

Finishes at 45" x 12" and can be made from one charm pack or with (36) 5" squares. Use neutrals for a modern look or try holiday prints and colors!

Uses Creative Grids "Straight Out of Line Ruler"

## "Straight Out of Line" Quilt Ruler

This ruler creates unique four-patch blocks that give the illusion of curves

- Easy to read black and white markings
- Precut friendly tool
- Fully illustrated step by step instructions.
- Scan the QR Code printed on the ruler to view a how-to video of these features and to see other patterns that can be made with this ruler.
- Ruler slides easily over the fabric until pressure is applied. Then our exclusive grip holds the fabric in place while cutting, eliminating slipping and miss-cuts.

## Kitty Snuggle Sack by Sew4Home

"While trendspotting recently, we came across the Kitty Sack – a cozy little cave that makes the perfect snuggling, snoozing, and hiding place for your favorite feline. Shortly after seeing them at retail, we also logged a request to our *You Asked 4 It List* to put our S4H spin on this popular pet project.

Our first goal when approaching a new project is to brainstorm on the easiest way to tackle construction. This is closely followed by picking the best fabric options. The cherry on top: a unique embellishment that adds just the right bit of fun and flair."
