Good News!

BookKids

Hundreds of children in Santa Fe's public schools live below the poverty level or in single parent homes. Some are homeless. The majority are on a free meal program of some kind. Not surprisingly, these children have limited access to books and reading opportunities outside of school. BOOKKIDS exists to ensure that students receive free books throughout the school year so they can begin to create their at home library and practice their reading skills.

Janome Sliding Guide Feet

Hemming and Edge stitching could not get any easier with the Sliding Guide Foot! You can adjust the flange to sit up to a full inch away from the edge of the foot in seconds and create perfectly straight hems every time. The guide can be moved freely and easily by just lifting the lever in the back of the foot, instead of having to mess with an annoying screw. The clear markings make certain you know exactly where you want your foot to go.
