National Thread the Needle Day is July 25

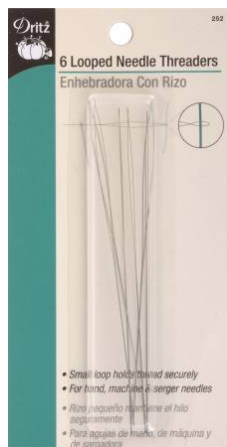

Learn More

In honor of the holiday, here are some ways make the task easier!

Clover Double Needle Threader

The Clover Double Needle Threader has one end for threading large needles and sewing machines, and the other end for threading small needles. Made with super fine steel wire, insert the wire into the needle eye and push the needle completely to the end. Pass the thread through the wire and gently pull the needle off the wire. Each end has a cap to protect the wires.

Dritz Looper Needle Threader

Small loop on threader holds thread securely as it passes through the eye of the needle. Use to thread loopers on sergers. Store on a magnet. They also work with sewing machine needles. Easy Peasy!

[Clover Desk Needle Threader](#)

Clover Desk Needle Threader can be used to thread thick and fine needles. Insert the thread in the groove, set in the needle eye part down, and press the lever. Pull out the threaded needle and cut the thread. What could be easier?

What We're Up To

- Connie finished this cute birthday dress for her youngest grand-daughter, Nora. Isn't she just so adorable?

Now, we'd like to see what you're up to, and share it to help inspire others—whether it's a project, a great book you're reading, pictures from a recent vacation, or really great recipe.
