

Hanging Loop for ITH Patch Perfect Pot Holders

Hanging loop for potholder and anything else you want to hang. Any width between ½ inch and 1 inch. Instructions and illustrations are for a one-half inch loop.

Material

Outer fabric – Strip 6" long and one-half inch wide.

Interfacing (Shape flex) – Strip 6" long and one-inch wide.

Press in half along the long edge and fold the edges in to the center. Lay the interfacing down the center of the strip between the folded edges.

Fold the edges in and press.

Fold in half again and top stitch along the edges.

Stitch across the raw (closed) edge of the loop to secure it while embroidering the design.

Your hanging loop will resemble the d-ring loop in the picture, longer and without the d-ring.
