SLO Ocean Currents' Summer Dive Trip will be sailing the Bay Islands, Honduras. The secret to diving these islands is to be on the only liveaboard that sails this amazing area. Venture with us as we explore, dive, eat, dive some more and drink.

Experience the best scuba diving in the Bay Islands of Honduras which is both easy and exciting. The Bay Islands are world-renowned for their sheer walls, mystical wrecks, massive barrel sponges and captivating macro critters. These waters are also home to larger marine species, such as Whale Sharks, Caribbean Reef Sharks and Bottlenose Dolphin. The Roatan region of Honduras has fantastic critter scuba diving with subjects like Electric Rays, Longsnout Seahorses, ferocious looking Spoon-nose Eels, Rough Box Crabs, Yellowheaded Jawfish, Sailfin Blennies and even Southern Stargazers.

Throughout the week you will be diving many beautiful sites located on the second largest barrier reef in the world including Roatan's West End walls, the south and north side shallow reefs and drop offs, wreck of the El Aguila, reef gardens of Cayos Cochinos, shallow peaked Seamounts off the southeast end of Utila, and north and south sides of Utila.
