

Sisterhood Sampler Block 28

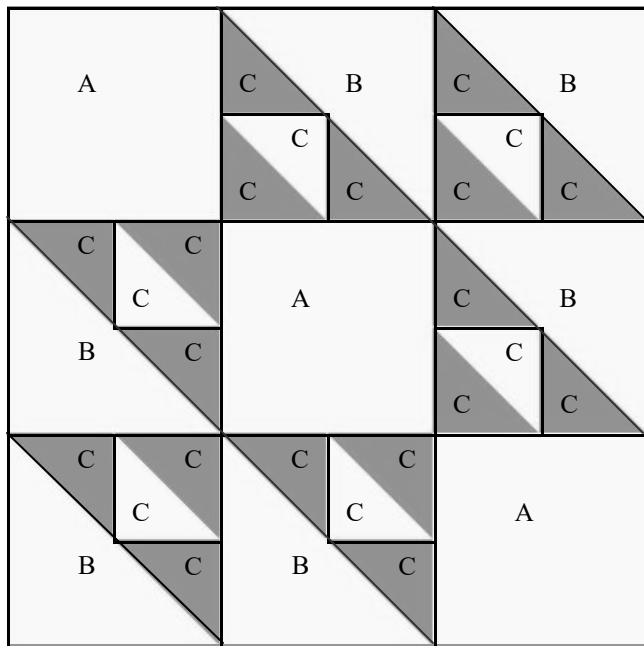

Phyllis

A visit from Phyllis begins with wide open arms and "I'm just so glad to be here! Tell me everything that's new." She is fun-loving and laughs easily, drawing in everyone in the place. She makes meaningful quilts full of love for all of the special people in her life. Phyllis comes to class at

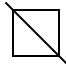

Seven Sisters Quilt Shop and shares stories of incredible and amazing things that give others hope during their own valleys and storms of life. Her open-ness is beautiful and refreshing. Phyllis is a busy Farmer's Wife who is always planning on retiring someday, knowing full-well she will never stop helping in any way that she can. Before Phyllis leaves, she gathers you in for another warm hug and kind words. And you just love the feeling that you get, that you are one of her favorites.
