2019-2020 MUSIC ACCESSORIES CATALOG

Private Instruction, Group Instruction & Master Classes Instrument Sales, Set Up & Repair | Books & Accessories Tuition Financing | Instrument Layaway & Rental Options

fineartsatthemountain.com

The "Fine Arts at" instructional and retail programs were established with Fine Arts at the Beach in 2008 for the purpose of providing the highest quality instruction available in the fine arts disciplines. Through this arts education program, students gain the necessary skills and knowledge to effectively utilize their creativity in music, performance, and visual fine arts disciplines. Our focus also provides students with an appreciation of how the arts affect and reflect our history and culture. Students are trained to use their artistic talents to inspire, teach, and admonish others, and to enjoy the art of making/playing music as a soloist or in an ensemble as well as other areas to benefit the worship life of their local church, and to enrich their community.

Our "Fine Arts at" instructors are all proven professionals with outstanding credentials and strong commitments to the art of teaching. Our comprehensive instructional programs are age-specific and tailored for each individual.

Thank you for your interest in our "Fine Arts at" instructional and retail programs. Please feel free to contact us with questions. It is our hope that you will consider us in the journey as you seek to develop your or your child's creative art gifts.

Michael & Netta Karr Directors

OUR MISSION

Helping people connect with God using creative arts to know Him, enjoy Him while finding real purpose and meaning in life.

ALTO SAXOPHONE

D'Addario started making reeds in 2004 and have worked tirelessly to provide superior reeds. They have invested millions of dollars of new technology and quality control. Every aspect of their reed-making has been re-developed and drastically improved. They grow 100 percent of the cane, enabling them to monitor and control their raw material, from growth to harvest. Healthy cane and state-of-the-art machinery have allowed D'Addario to create the most consistently manufactured single reed to date. www.woodwinds.daddario.com

Rico Reeds - 25 Box

An outstanding reed for a wide variety of musical situations. Reasonably priced, these reeds offer outstanding consistency and performance characteristics for clarinet and saxophone players of all abilities.

Select Jazz™

D'Addario Select Jazz™ was created exclusively for the professional jazz saxophonist. It offers jazz players with well-developed embouchures greater resistance for additional volume and durability, while providing more control, better response and clarity than any jazz reed previously available. Soprano and alto sax reeds are sold 10 reeds per box. Tenor and baritone sax reeds are sold 5 reeds per box.

THE ROAD TO MUSICAL SUCCESS IS PAVED BY VANDOREN

The quickest way to succeed on saxophone and clarinet is to begin with high performance products. Vandoren is the number one choice to move your woodwind career forward. From JUNO reeds - the select reed for students at a student price - to Blue Box, V21 and V12 and all the others. The choice is clear. Success is Vandoren.

ORCHESTRA

Gonzalez Reeds is one of the leading manufacturers of world-class hand selected clarinet and saxophone reeds. Since our beginnings in 1982, our mission has been to create the world's best woodwind reeds. Reed quality is prioritized by choosing only the best raw material and then manufactured using the latest technologies. That is why Gonzalez hand selected reeds are now a brand synonymous with excellence in over 30 countries across the world.

PERCUSSION

GENERAL

GONZALEZ REEDS www.gonzalezreeds.com

RC - Regular Cut - All Instruments

RC reeds have a classic, French style filing. This leaves the scraping in the most vibrant area of the reed and produces a very brilliant sound. The material is stored to age for at least 3 years before it is put through the manufacturing process -- the cane is extremely stable as a result. Its shallow shoulders have a closed half-moon shape which helps to maintain the tuning despite being an extremely flexible and spontaneous cane.

FOF - Bb Clarinet only

Meant for those clarinetists that need a reed with a darker sound. Made following an "American" cut, these reeds have thicker wood in the heart. The material is aged for at least 4 years before its manufactured. The deeply carved shoulders allows the reed to released in the bass sounds, where it vibrates freely. Boxes of 10 reeds.

"For the player who demands the <u>very</u> best"

We have devoted years of research in design and extensive professional testing to pursue our dream of creating woodwind reeds which offer the highest standards of performance and endurance possible. Our philosophy is to follow in the fine tradition of reed manufacturers from the past while at the same time utilizing advancements in technology which have added an element of precision unavailable years ago.

BAND: Synthetic Reeds

Forestone Reeds

The Forestone material is a mixture of polypropylene resin and cellulose wood fiber. More than 50 percent of the wood fiber used is bamboo. The material is tasteless, odorless and non-toxic. Forestone reeds maintain their strength and resistance over time. They vibrate well and hold the center of the sound in a manner similar to that of a good quality cane reed.

Focus on your music, not your reed.

For generations, woodwind musicians have had to pre-moisten their reeds, deal with cracking, inconsistent cane strength and performance issues in various weather conditions.

Légère Premium Woodwind Reeds are manufactured with a patented process and synthetic material that virtually eliminates the need for pre-moistening. This means they are ready to play when you are. They are unaffected by weather and last for months – not days, so you can focus on your music, not your reed.

Available for saxophone, clarinet, bassoon and oboe.

www.legere.com

Always ready to play no pre-moistening required.

Set.

Extremely durable they last for months, not days.

Not affected by weather so you can focus on your music, not your reed.

Reed Performer

Saves bad reeds improving the playability. Gives warmer tone to weak & fuzzy reeds. Increases reed life.

REED PERFORMER

On **POOR** natural reeds:

- Saves bad reeds improving the playability
- Removes fuzzy sounds from bad reeds
- Gives warmest tone from weak reeds On **GOOD** natural reeds:
- Stabilizes thin cane giving stable sound
- Increase reed life at least twice as long
- Helps to ensure saving reeds for concert
- On SYNTHETIC reeds:
- Gives a round sound through all registers - Helps ligature grip

SAXOPHONE ERGONOMIC STRAPS

SHOULDER

BRACE YOKE BRACE COMFORT

ELASTIC vs NON-ELASTIC

Every detail is taken care of at BG. We offer two different straps. Both help to limit pressure on the thumb rest, arms, shoulders and to prevent neck strain, thus helping the musician breathe better.

ELASTIC STRAPS

Elastic straps provide more freedom of movement, prevent bad back postures and help the musician breath better.

NON-ELASTIC STRAPS

Non-elastic straps improve the control of the embouchure.

MADE IN FRANCE

SHOULDER STRAP Cotton Padding with Thick Leather Pad

GENERAL

BAND

ROVNER LIGATURES - THE ORIGINATOR

Innovators in Clarinet & Saxophone Ligature & Mouthpiece Technology for the last 36 years. Used by renowned Classical, Jazz, Blues and Rock artists. There are many imitations - but there is only one Rovner! Available for all saxophones and clarinets. Supplied with black caps. Unless ordered otherwise, are supplied with metal fittings that match the instrument or the mouthpiece with which it is likely to be used.

www.rovnerproducts.com

Dark

Gives a darker, richer tone quality.

Light

Gives a brighter more open tone quality.

MARK III

Maximum performance types that yield the best response, clearest, biggest sound, and playability of any ligature available.

Versa

Features a metal cradle which can be altered to create six different tones. Jazz and classical players alike appreciate the Versa's ability to personalize their sound. It is ideal for the player seeking to fine-tune the ligature's responsiveness and tonal qualities.

Versa X

A Next Generation ligature with the addition of a newlydesigned black-on-black layered metal cradle and Rovner's unique resonating ribs.

Legacy

The powerhouse Legacy is for any player seeking the ultimate in "presence" and projection. It is enjoyed by the demanding jazz/rock/blues sax player delivering a high-energy performance, even in an amplified setting.

Platinum

All metal ligature for any player seeking the ultimate in tonal purity and clarity. Initially preferred by classical players for its pleasing tonal characteristics, the Platinum is also enjoying a surge of interest from jazz players excited to explore its enhanced tonal spectrum.

Star

This ligature represents the next generation Rovner. Born out of the desire to have "better performance, simpler design, less cost". This epitomizes, "Less is More". It's beauty is it's simplicity. Now anyone can enhance their playing performance. ***CAP NOW INCLUDED***

Bo-Pep[™]

Finger Rests, Saddles & Thumb Guides for Flute

Builds out the body of the flute at the two most critical points: the positions of the left-index finger and the right-hand thumb. They open the grip to reduce tension and improve balance. Bo-Pep products are easy to snap onto the flute and may be adjusted up or down to suit individual hands. No adhesives required. Each part comes in a draw-string sack that can be tied to the case handle for easy storage.

Clarinet Barrels

www.rovnerproducts.com

Engineered to generate the broadest, most even harmonic spectrum, the Rovner[™] Rectangular Bore Barrel is a superb choice for the woodwind "doubler" who finds that saxophone "chops" are a bit loose for clarinet, and who might otherwise tend to play flat when switching instruments.

CODE	TYPE	LIST
SRB64	64 mm	\$89.99
SRB65	65 mm	\$89.99
SRB66	66 mm	\$89.99

The Freedom Adjustable Clarinet Barrel is made from aluminum alloy, and is adjustable from below 60mm to above 70mm. The Freedom barrel allows the mouthpiece to remain stationary, allowing fine tuning corrections while playing. American made.

Bore: 14.8mm - Mouthpiece Depth: 17.5mm - Top Joint Depth: 18.9mm

Jorb Embouchure Training Tool

www.RSBerkeley.com.

The JORB offers all brass players a revolutionary new practice toll that will support the development of one's embouchure and overall 'chops strength'. The JORB and its unique spring-loaded, cushioned rim will help players to develop a stronger lip vibration and aperture strength, while also serving as a means to help instill a relaxed, steady air stream. Gives brass players a pronounced improvement in their overall playing. As a teaching tool, the JORB allows students and teachers to clearly view the aperture size and how one's embouchure is responding. www.RSBerkeley.com.

Silk Woodwind and Brass Swabs ℓ

Hodge Products, Inc.

Il Hodge silk swabs are made from 100% silk. Silk is very absorbent, wicking moisture from the instrument quickly and efficiently. Most uniquely, silk is also very compressible, making it possible to pull through instruments with large variations in bore size. In addition, silk is lint free.

hyTech pTrumpet。 Features: Bb metal/polymer trumpet 5" Bell Top sprung valves with ABS guides . Patented hybrid lead-pipe design Metal water keys with silicon seals on main and 3rd valve tuning slides Stainless steel sleeved pistons Aluminium top and bottom valve caps, stems and contoured finger buttons Lightweight; 650g (1.4lb) Works with any standard trumpet mouthpiece Padded gig bag/back pack Black, gold & silver finishes PTRUMPET1HTG Gold

North America. Creating quality wind and brass instruments that make the joy of music accessible and fun. Warwick Music group's range includes the original pBone, the best-selling trombone on the market over the last few years, the beginner's sensation pBuzz, the fun first step to brass playing. The pTrumpet Hytech, which has received "Best Teaching Tool for Intermediate Students" by the School Band & Orchestra Best Tools for Schools Awards NAMM 2019.

pTrumpet hyTech® marks a new chapter in trumpet evolution - it combines metal and polymer to deliver a performance standard to high-quality student trumpets. Comes with a quality padded gig bag and a 7C Silver plated brass mouthpiece.

GENERAL

St. Louis Music is thrilled to announce its new partnership with Warwick Music Group and will be proudly distributing its complete range of award winning instruments in

Authentic

pTrumpet hyTech is a truly authentic Bb instrument that builds on the lightweight, robust, durable and affordable features of pTrumpet. Responsive and free blowing; the sound exceeds expectations.

Innovative

This patented hybrid design includes stainless steel-lined pistons, brass and polymer hybrid valve block, lead pipe and a silver-plated metal mouthpiece. The innovative design creates a free-blowing, open feel and traditional trumpet sound.

Accessible and Affordable

Amazingly light at just 1.4 lbs, the hyTech aids great technique and encourages good posture in younger players or for those who find a traditional trumpet simply too heavy. Its robust design makes it perfect for any performance activity - in fact it's easy to take it everywhere! Despite its high quality performance features, the surprising price enables everyone to enjoy a high quality trumpet for a fraction of the cost, a perfect addition to any band.

Mouthpiece and Case

The hyTech includes a 7C Silver plated brass mouthpiece and is compatible with any standard trumpet mouthpiece. The instrument is standard in a quality compact and sturdy padded gig bag/back pack. Fits in a locker, on the bus, and anywhere you want to go.

Adjustable Tuning Slides

The main, first and third valve tuning slides are all adjustable with a convenient finger on the 3rd valve slide.

BioCote Protection

Incorporates patented anti-microbial technology from BioCote, which provides the highest standards of protection.

Authentic

PERCUSSION

pTrumpet is a truly authentic musical instrument that has sparked a revolution in the way the music industry thinks about trumpets.

Innovative

pTrumpet is the only trumpet with a fully plastic valve system, which we have designed and developed to create unrivalled lightness, durability and sound quality.

Accessible

pTrumpet is less than half the weight of a brass trumpet, so it's ideal for the younger player and for all those who may have difficulty with the weight and balance.

Affordable

Its unrivaled price enables everyone to enjoy the quality of an equivalent metal instrument at a third of the cost. The perfect starter instrument.

Mouthpiece

The plastic mouthpieces are especially designed for the pTrumpet. Comes with both a 3C and 5C pTrumpet mouthpiece, you can also use any standard metal trumpet mouthpiece in the pTrumpet.

Adjustable Tuning Slides

The all-plastic main, first and third valve tuning slides give you the flexibility of tuning.

BioCote Protection

Incorporates patented anti-microbial technology from BioCote, which provides the highest standards of protection.

BAND

Durable

pBone is remarkably tough. It can take knocks and bumps in its stride. Perfect to allow beginners to explore the trombone without any fear of damage.

Accessible

At less than half the weight of a brass trombone the pBone is ideal for the younger player and for all those who may have difficulty with the weight and balance of a metal trombone.

Slide

The unique strength of the glass fibre material means that "dings and dents" in your slide are a thing of the past!

Mouthpiece

The small shank matches standard medium bore trombones so any regular small shank metal mouthpiece will fit.

Water key

The pBone has its own unique water key design.

Lockable slide

pBone has a lockable slide that features a graphic to ensure the locking process is clear and simple to all.

How to play

Let us help you: with hand and slide postions, improve your playing skills and breathing technique, setup your pBone, learn about buzz and play and find downloads to help you further.

A major second.

We already set the standard for violin. Now, advancing viola students can take their sound to the next level with the sophisticated tone and unbeatable pitch stability that only Ascenté offers. Our strings are made with a synthetic care designed to elevate the sound of any progressing player – plus Ascenté's superior durability means they can focus their energy on learning. Sure we've done something like this before, but for violists? It's a brand new day.

Knilling Product Highlights

VIVACELLO[™] Endpin Rests

One of the best compact endpin rests available! Unique tripod design and replaceable rubber feet ensure an incredibly secure, non-slip grip on almost any surface! Comes in six cool colors! See page 126

JADE[™] Rosin

A best-selling premium rosin for classical musicians! From symphony players to concert artists, JADE rosin for violin, viola and cello has met with enthusiastic acclaim.

See page 129

Viva Compact and Standard

and NEW Viva[®] Flex Shoulder Rests

The shoulder rest string players love! VIVA' shoulder rests are designed for superior fit and performance by a string educator FOR string teachers and players. Unique features include an innovative, patented, lateral adjustment system provide for proper fit for a wide variety of shoulder widths, ensuring superior comfort and proper playing posture. Stepped and grooved padded rubber feet provide an incredibly secure grip with minimal sound dampening contact. Thickly padded, ergonomically designed BASF composite frame provides complete and comfortable support without tipping. Exciting, bright colors make VIVA one of our most popular shoulder rests with players of all ages! See page 130

Knilling Deluxe Shoulder Rest Pouch

Finally! A practical solution to the age-old dilemma of how to store a shoulder rest in a shaped thermoplastic case! The Knilling Deluxe Shoulder Rest Pouch attaches neatly and securely to almost any shaped thermoplastic violin or viola case and offers a practical, convenient and stylish solution! See page 130

Marshmellow[°] Shoulder Rests

Dual density foam provides superior comfort and stability. Knilling Marshmellow^{*} rests are ideal for children and beginning students, encouraging correct posture and flexibility. See page 132

Knilling Classic[™] Polish

An exceptional cream polish for all string instruments, Knilling Classic Polish is effective yet non-abrasive and gentle on varnish, ideal for one-step cleaning and polishing any instrument. See page 133

OLDENBURG[®]

VIOLINS

OLDENBURG[™] Student Violin Outfits

An excellent, value-priced violin outfit, built to provide an attractive, properly made and adjusted outfit, and even includes superior components for superior response and tone. The quality of the Oldenburg[™] line make it an excellent choice for budget-conscious players of all ages.

All Oldenburg[™] instruments feature seasoned tonewoods for longevity, proper construction for durability, correct dimensions to ensure proper hand position, and detailed attention to the full factory shop adjustment and selection of upgraded components to ensure playability, tone and comfort. Every instrument is fully factory adjusted, with ebony pegs, nut and fingerboard, well-fitted maple bridge, composite tailpiece with four built-in tuners and quality Prelude steel core strings.

Each violin outfit features wood bow with horsehair and shaped case with zippered cover and rosin.

Specifications include:

- · Properly fitted ebony pegs for tuning ease.
- Ebony nut and fingerboard for durability and wear resistance.
- Properly contoured fingerboard for easy note articulation.
- Select, seasoned tonewoods for stability and tone.
- Well-fitted maple bridge for superior sound.
- Carbon composite tailpiece with built-in tuners for ease of tuning.
- Shaped case with zippered cover and covered accessory compartment.
- Wood bow with horsehair and rosin.
- Quality D'Addario Prelude steel core strings.

ORCHESTRA: Engelhardt Cellos & Basses

Quality Crafted Basses and Cellos Made in the U.S.A. Since 1970

Engelhardt-Link cellos and basses are made to conform to the rigid standards drawn up by the String Committee of the Music Educators National Conference. All basses and cellos feature lightweight laminated construction for the finest tone and serviceability. They are moisture, temperature and climate protected. All instruments have rock hard maple necks which resist warping. The tops and backs are fully arched. Each Engelhardt-Link instrument is properly sized and aligned for sensitive response to make them easier to play.

Maestro Junior Bass

The perfect bass for the intermediate student. It has a close grained spruce top and maple back. Violin shaped, with a brown finish. Hard maple fingerboard. 3/4 Size, Base Only.

CODE	LIST	
EM3	\$1,890.00	

EM3

Economy Model

An extremely durable cello available at a budget price. This instrument is especially suited for the beginning student. The body is constructed of maple top and back that will stand up to rough student use. Mahogany finish and hard maple fingerboard and tailpiece. 4/4 Size, Cello Only.

Prelude Steelcore Strings

Prelude violin strings are manufactured using a solid steel core. Unaffected by temperature and humidity changes, they have excellent bow response. Packaged in uniquely-designed sealed pouches providing unparalleled protection from the elements that cause corrosion.

- 4/4 scale violin with a playing length of 13 inches (328mm)
- Medium tension
- Solid steel core optimized to create the warmest sounding student strings available
- All D'Addario strings are designed, engineered and manufactured in the USA to the most stringent quality controls in the industry

llind

Perfection **Planetary Pegs**

So easy, even a child can tune a violin, viola or cello!

Teachers, students, and professionals are all raving about the extraordinary Perfection planetary pegs, which feature revolutionary application of tried-and-true planetary gears, to ensure non-slip, non-stick tuning so smooth and effortless, that even a beginner can learn to tune (and stay in tune) without fear of slipping or sticking pegs.

- · 4:1 gear reduction ensures easy and fast precision controlled tuning. Educators love the time-savings, seconds as opposed to minutes per instrument for tuning.
- · Advanced engineering and materials, plus sealed gears for smooth, maintenance-free function and durability.
- · Easy to install (uses exactly the same reamer that is used for conventional peg installation), safe for the instrument, and eliminates the need for fine tuners which improves instrument response.
- · Perfection pegs look identical to conventional pegs when installed, for aesthetic appeal.
- · Extensively tested to ensure reliable performance and long life.
- · Terrific for older players with arthritis or weakened hand grip.

HUMITRON[®] Humidifiers

Humitron humidifiers are simple to use, effective, and are made of the most advanced non-vinyl and non-allergenic materials available. The custom extruded stems are soft enough to suspend securely in the f-holes, yet sufficiently sturdy to minimize contact with the interior of the instrument. The internal core absorbs up to ten times it's weight in water and controls by gradual evaporative release.

ORCHESTRA: Shoulder Rests

VIVA* shoulder rests were designed for superior fit and performance by a string teacher for string players and educators. Unique features include:

- Innovative, patented lateral adjustment system ensures proper fit for all shoulder widths for comfort and to encourage proper playing posture.
- Ergonomically designed BASF composite frame provides complete and comfortable support without tipping, with locked end members to prevent over-extension.
- Stepped and grooved rubber padded feet provide an incredibly secure grip with minimal sound dampening contact.

ORCHESTRA: Educator Materials

First Fret" Fingering Decals for Beginners

No more tedious and messy taping. Easy to apply, durable & effective. Save time AND money, plus just watch how quickly beginning programs will improve. Students gain security & immediate feedback on their intonation. Color-coded basic model makes coordinating group classes easy & simple for both teacher & student. Developed in conjunction with Dr. Phillip Coonce, the inventor of the original Don't Fret. These exclusive basic decals are available packaged, or in bulk for additional savings.

Don't Fret[™] Finger Position Decals

Patented Don't Fret Finger Position Indicators are decals which apply quickly and easily to string instrument fingerboards, and are mathematically designed, and precision-printed, to help beginning students quickly learn where to put their fingers. Extremely durable, yet removes cleanly from the instrument. Students love Don't Fret because they have easily identifiable markers, and teachers find it a flexible tool, responsive to numerous pedagogies. Don't Fret decals are also perforated, allowing the teacher to remove any of 3 sections separately.

MANHASSET® Music Stands and Accessories www.manhasset-specialty.com

Manhasset Stand Features: Longest lasting, most durable music stand made. Rugged, all-aluminum,lightweight desks are ribbed for extra strength. Its powder coated, glare-free, black textured finish resists scratches and chipping. Easy, automatic no-knob friction-tilt neck delivers constant tension at any tilt position. Solid-brass bearings, greaseless heavy duty chrome inner shaft, and the original "Magic Finger Clutch" provides one-hand friction grip. Secure at any height, even with a heavy load of music. Heavy-gauge, all-steel welded base provides excellent stability and requires minimum space on stage risers or in storage.

EVERYTHING ELSE IS JUST KINDLING

ANOR

Introducing the most durable hickory sticks we've ever made. Promark FireGrain Technology strengthens regular drumsticks with a patented flame-tempering process so you can hit harder and play longer without losing the feel and balance you expect from hickory. No excess vibration, no space age gimmicks, just natural hickory, hardened by flame.

Steve Creighton Pipe Band Sticks

PERCUSSION

СОМВО

Designed with Stephen Creighton, world renowned drum sergeant of the St. Laurence O'Toole Pipe Band, this is the first Promark product to hit the pipe band market. The gradual taper of this drumstick coupled with its maple construction give Stephen the rebound, feel and consistency that performing on a high-tension pipe snare demands.

AMERICA'S PREMIER HIGH - VALUE GUITAR BRAND FOR OVER 20 YEARS

COMBO: Traveler Guitars

Traveler guitars are drop-shipped from California. Allow extra shipping time.

The Traveler Guitar Ultra-Light is the perfect solution for traveling players looking for a versatile acoustic/ electric that's compact and comfortable. Full 243/4" scale acoustic-electric travel guitar that fits in airline overhead bins. One-piece Eastern American Hard Maple neck-through-body design, 2 lbs. 14 oz. & 28" long, features a Traveler Piezo Pickup with standard 1/4" output. Gig bag included.

ULAABNS

The Traveler Guitar Ultra-Light Electric is

the perfect solution for players unwilling to compromise on scale length, but still looking for the smallest and lightest solution available. Full 24¾" scale electric travel guitar that fits in airline overhead bins. One-piece Eastern American Hard Maple neck-through-body design, 3 lbs. 2 oz. & 28" long, features a Dual-Rail Humbucker Pickup. Gig bag included.

The Pro-Series Deluxe features a custom piezo pickup and a dual-rail humbucker pickup. Unique internal resonant pickup system with the included stethophone headset, which allows for private listening without batteries or an amp. The lap rest is detachable for easy transport, so the guitar and included gig bag fit easily in an airline overhead compartment. Dual-Rail Humbucker, ebony fingerboard with abalone inlay, Gold 14:1 Gear Ratio Locking Tuners, Gold Hardware. One piece maple neck-through-body with Natural satin finish Hybrid Acoustic and Electric with piezo and electric pickups. Includes deluxe gig bag, limited lifetime warranty.

TGA1E	Traveler Headphone Amp, Electric	\$29.99	
*GSCBRN01	Traveler Cotton Guitar Strap (Brown)	\$19.99	

The Travelcaster Electric Guitar boasts traditional guitar features like 22 medium jumbo frets, poplar body, and a maple neck. Available in surf green or candy apple red metallic with maple fingerboard, or classic gloss black with rosewood fingerboard. Full 251/2" scale, 5 lbs. 3 oz. and 333/4" long, Three on a side headstock, 2-point fulcrum tremolo with steel saddle and bone nut. Includes deluxe gig bag.

The Traveler Guitar EG-1 Custom V2 is a full 24³/₄" scale electric travel guitar. The in-Body tuning system uses standard tuning machines relocated into the body to create a guitar that has a full-scale neck. The lack of a headstock and a small, ergonomic body allow the guitar to be 27% shorter and 50% lighter than a full-size.

The Escape Mark III is a perfect solution for traveling acoustic players unwilling to compromise on scale length. Fits easily in airline overhead compartments in the included deluxe gig bag. Full 251/2" scale acoustic/electric travel guitar. Mahogany body with bolton mahogany neck. Custom Shadow preamp with headphone out and 1/8" aux-in. Built-in chromatic tuner.

The Traveler Acoustic Guitar CL3EQ is the perfect solution for traveling players looking for a compact and comfortable acoustic/ electric guitar. Fits easily in airline overhead compartments in the included Deluxe Gig Bag. Built-in headphone amp with aux-in for jamming along to backing tracks. Shadow Electronics NanoFlex pickup with custom preamp. Solid Spruce top with Mahogany back and sides. Weighs only 3 lbs. 2 oz.

Traveler Headphone Amps

will let you jam anywhere and everywhere. Equipped with gain, tone, and volume controls and features an aux-in to add backing tracks to your headphone mix.

Traveler Guitar Strap

11/2" wide brown cotton strap is features a leather shoulder pad for comfort.

COMBO: Q Chord & Folk Instruments

www.suzukimusic.com

The Q Chord contains the latest technological advancements that now enable everyone to play or create music. It offers the ultimate combination of musical instrument and technology in a light weight, portable and dynamic sounding package never before available. Suzuki Corporation, MIDI Hit and Tune 1000 have worked together to combine the latest sound card technology with your favorite songs. These professionally produced song cartridges now enable you to have a truly interactive musical experience right out of the box. The Q Chord owner's manual contains easy to follow, step-by-step instruction for all Q Chord functions.

The Xtensor does for your hands what yoga does for posture: dynamically rebalancing strength in your hands, wrists and forearms deep into the elbows, the site of most elbow pain. Designed to perform in the exact opposite way of squeeze ball type devices. The Xtensor exercises your fingers as you open them, stretching and strengthening your hands in a completely different way.

Finger extension exercises are the missing link for people in virtually every job, helping to correctly rebalance muscle strength and flexibility in the hands, wrists and forearms. The Xtensor fits either hand with multiple tension settings specific to each finger.

#### TUSQ XL - Self-lubricating Nuts

Man made ivory. Unlike natural materials such as bone and ivory, TUSQ is consistent from piece to piece. This is the best synthetic material on the market. Cuts and files beautifully.

# **COMBO: Babicz Bridges**

# **BABICZ**®

In 2008, through years of design refinements, Jeff Babicz officially introduced The Babicz Design "Full Contact Hardware", featuring the patented "eCAM" (short for "encapsulated cam") saddle design for electric guitars and basses. The FCH bridges offer a dramatic improvement in sustain and tonal quality achieved by eliminating any gaps or voids between the bottom of the bridge saddles and the body of the guitar or bass.

Babicz Full Contact Hardware is designed to maximize and maintain consistent contact between the vibrating guitar string and the guitar/bass body. Most conventional guitar and bass bridges, especially after making adjustments for intonation and action, leave space between the saddle and bridge, which greatly reduces the sonic integrity of the string. With Babicz Full Contact Hardware, you can adjust your action as high or low as desired while maintaining maximum string transference to the body for optimum tone, dynamic range, pitch stability and resonance.

Basic features between the Original Series and the Z-Series:

- Original Series: Double locking
- (at the saddle housing and the plate)
- High performance milled aluminum construction
  - (all FCH tremolo's use hardened steel plates)
  - Patented Babicz eCAM saddle design
- Z-Series: Single locking (at the saddle housing)
  - Traditional bent steel plate construction
  - Patented Babicz eCAM saddle design

## Babicz FCH FCH

"I have to say I am in love!" Chris Sheriff

"The harmonics sparkle!" **Dallas Sutherland** 

"TUSQ picks are really special. They really affect my tone in a positive way that I can hear and feel." Adam Zimmon, Guitarist Composer

"I use TUSO picks for the incredible range of tone they offer! An amazing advancement in flat-pick technology." Rock Glouse independent live, pit and session - string multi-instrumentalist

"I never thought a pick could be so determinant to my tone. It really improves the way I hit and feel the strings." Juan Cruz Masotta

> "Best pick for acoustics I have ever used!" James Brill

"All I can say is WOW! They help deliver a clear, clean and vibrant tone that is hard to describe Thanks!!!!!!! Jim White

"Graph Tech hit a home run here with their TUSQ Picks" Chris Buono - True Fire Artist, Hal Leonard/Cengage Learning PTR Author

"I really like these picks and the articulation I get from them." Joe Pinnavaia

NFW

"The material is lighter, harder, and comes off of the string faster so the sound just pops. They have their own tone and it is simply just amazing! Bobby Keller (Meka Nism)

> "TUSQ Picks are very useful especially when I double my acoustic guitar track using different **TUSO Picks.**⁴ Takeshi Akimoto (Ziggy Mariey Band)

"I finally have the sound I was looking for and [TUSQ Picks] will be all I use from here on out. Thanks so much!!" Michael Flynn

"It's one of the best picks I have ever used! It may be the perfect pick." Kim Young

"They are superior to my old picks in every way ... tone, feel, and a new sense of authority against the string. Thanks!" Stephen Kramer

"Harmonics out the ass and overall helped tone and feel." Clayton Mark

"I'm extremely impressed by the harmonics ... they're the best sounding and best playing picks I've tried." Julien Bitoun

"These picks really impressed me and have become my favorite. Great tone, excellent attack and articulation." You Tube User JPulido421

All sets of Electric, Acoustic and Bass Ratio machine heads utilize an exclusive double envelope, hardened steel gear to achieve the strength and precision on the higher gear ratios.

Internationally Patented.

ADVANCED TUNING TECHOLOGY

Fast, precise, intuitive tuning! Individual gear ratio's for each string position makes tuning, retuning on the fly, or jumping to an open tuning, Fast and Accurate. Each string feels and reacts the same to any tuning adjustment. Learn one string, you've learned'the all. One turn = one tone.... on every string!

**COMBO:** Pickups

#### **Gigpro Preamp**

The Gigpro" is a single-channel belt-clip preamp that will work with almost any pickup. It also provides 9v phantom power for mini-mics and other phantom powered onboard electronics. Based on the Para D.I.'s award-winning circuitry, we have pared the features down to the essentials – nevertheless, it has everything necessary to get the best possible sound from your pickup.

CODE	TYPE	LIST	
GIGPRO	Single Channel Preamp	\$189.00	

#### **Pre-Amps**

The Para Acoustic D.I." is a studio-quality direct box, featuring a five-band equalizer with tunable notch and midrange controls, adjustable gain and phase inversion. Our proprietary quasi-passive EQ circuitry is totally transparent and allows control over voicing without sacrificing tone – a big advance over conventional equalizers.

CODE	ТҮРЕ	LIST
PARADI	Direct Box	\$289.00

#### Venue DI

The Venue DI is an acoustic preamp that combines a transformer-coupled DI output for maximum isolation, an EQ specifically tuned for acoustic instruments, a volume boost footswitch to complement your playing styles, and an easy to read chromatic tuner with a mute/tune footswitch. Combining the features from 3 stompboxes into 1, the Venue DI brings a new level of fidelity and usefulness to performing acoustic musicians.

CODE	TYPE	LIST	_
VENUEDI	Direct Box	\$399.00	

#### **PRO CO Rat 2 Pedal**

Smooth, continuously variable controls for distortion, filter cut off and volume level. Housed in steel with top grade components and heavy duty industrial foot switch. Has glow in the dark luminescent control graphics and a LED status indicator. Powered by 9 V battery (not included) or external dc power supply.

18A0056	\$130.00

#### **Thinline 332 Plus Acoustic Pickup**

Developed by Fishman Transducers, the complete system includes a ceramic under-the-saddle pickup and state-of-theart circuitry that is housed in the shielding cap of the jack. Low noise frequency response 20Hz-20kHz with THD of less than 0.1%. Produces a warm, balanced tone. Easy to install internal mounting. Low current consumption for long battery life. Stereo switching jack for optional stereo wiring.

CODE	LIST	
18A0057	\$215.00	

#### John Pearse Pickup

Full-spectrum transducer system designed to accurately reproduce the sound of an acoustic stringed instrument while not changing its acoustic nature. Appropriate for any instrument with a vibrating soundboard. May be mounted permanently inside an instrument, on the underside of the soundboard, using the peel-off adhesive backing or temporarily mounted on the topside and removed after each use, using the special non-marring adhesive included.

#### **Sidekick Passive Direct Box**

The Sidekick Passive Direct Box by Hosa makes it easy to connect your guitar, bass, or keyboard directly to a mixing console! It features an isolation transformer that transforms an instrument-level signal to a line-level signal. Works with each of the following:

- Electric guitars, basses, and keyboards
- Pedal effects and effects processors
- Any electronic musical instrument with a mono phone output

Use the Sidekick to "go direct" for a pure, clean, noise-free tone that is perfect for Digital Signal Processing (DSP) or throw the INST/LINE switch to LINE position to allow your amp to drive the line for a natural, overdriven tone. Either way, it's your sound—all of it!

# **COMBO: Wireless Systems**

# **System 10 Wireless**

Audio-Technica's System 10 PRO Rack-Mount digital wireless system provides the same interference-free operation in the 2.4 GHz range (outside TV bands) as the original System 10 wireless system but with expanded features and versatility. The durable half-rack chassis is equipped to house two receiver units that can be operated locally or released from the chassis and mounted remotely (up to 328 feet away) via Ethernet cable. Up to five chassis (10 receiver units) can be linked using the RJ12 cable included with each system, creating a stable, multichannel system with the simultaneous use of up to 10 channels.

#### Features:

- Digital 24-bit/48 kHz wireless operation for ultimate sound quality and dependable performance
- Operates in the 2.4 GHz range completely free from TV interference
- Receiver units can be docked in the chassis or mounted remotely (up to 328 feet away) via Ethernet cable for added versatility
- Up to five chassis (ten receiver units) can be linked and used simultaneously
- Each receiver unit can be paired with up to 10 transmitters, allowing users to instantly switch between different transmitter configurations
- Chassis' System ID Display shows RF signal level, system ID, transmitter battery level, and system link status
- Automatic frequency selection for seamless, interference-free operation
- · Extremely easy operation with instantaneous channel selection, sync, and setup
- Three levels of diversity assurance: frequency, time & space
- · Ground-lift switch helps eliminate audible hum caused by ground loops
- System 10 Stompbox offers a rugged, metal, pedal board-mountable receiver with foot switch, two switched TRS balanced 1/4" outputs & output mode selector.

PRO41	\$49.00	

# Dynamic Stereo Headphones

LIST

\$169.00

Engineered for digital program materials, the dynamic stereo headphones are equipped with high-performance drivers and low-mass diaphragms for maximized power handling capability. The headphones incorporate 40mm drivers to deliver wide dynamic range. Diaphragms only 25 microns thick provide a frequency range extending from 20 to 21,000 Hz. They feature soft leatherette earpads and adjustable headband, and include a 9.8' cable with 3.5 mm stereo mini-plug and 1/4" (6.3 mm) phone plug adapter.

# M-Series Professional Monitor Headphones

Critically acclaimed M-Series professional monitor headphones deliver accurate audio and outstanding comfort, perfect for long sessions in the studio and on the go. Contoured earcups seal tight for excellent sound isolation, with minimal bleed. And the pro-grade materials are durable, yet comfortable. The M-Series is an unmatched combination of audio and build-quality that gets the job done. Hour after hour, year after year.

#### ATH-M20X

- · Advanced build quality and engineering.
- · 40 mm drivers with rare earth magnets and copper-clad aluminum wire voice coils.
- Tuned for enhanced low-frequency performance.
- · Circumaural design contours around the ears for excellent sound isolation in loud environments
- · Convenient single-side cable exit
- Designed for studio tracking and mixing
- · Comes with 6.3 mm (1/4") adapter.

# (A) audio technica.

NOTE	S

# **INSPIRED STRING INSTRUMENTS**

Founded in 1922, Knilling String Instruments has long been recognized as a premier supplier, providing string instruments of superior value and performance, along with developing and introducing exciting innovations to dealers throughout North America, including the revolutionary Perfection Planetary geared pegs.

Our combined experience and resources brings you some of the most powerful opportunities and strongest lines in the industry. And, we are committed to serving you with the dedication and passion which has been the hallmark of Knilling for almost a century.

nilling • www.knilling.com

Owned and distributed by St Louis Music  $\cdot$  1–800–727–4512  $\cdot$  info@stlouismusic.com St Louis Music is a division of U.S. Band and Orchestra Supplies, Inc.

#### **STUDENT BAND PROGRAM**

Our simple rental program creates an affordable payment plan to accumulate equity towards the purchase of the instrument. Our rental program is also extremely flexible, as you are able to switch instruments at any time.

### **BENEFITS OF RENTING**

Our terms are flexible. Return, exchange or purchase your instrument at any time. We make the band rental process easy. Accumulate money toward the purchase of the instrument while renting. Repair and maintenance is also included in your rental fee. Instruments are set up and ready to be played.

### **PRIVATE STUDY**

Piano | Voice Violin | Viola | Cello Guitar | Banjo | Uke Brass | Woodwind Voice Drums

#### **GROUP STUDY**

#### **GUITAR | VIOLIN | GENERAL MUSIC**

Our group classes run eight weeks and are offered all year round. Students may enroll in our beginner or intermediate classes based on skill level. They are 45 minute - 60 minute sessions and meet once a week. All ages are welcome.

#### MASTER CLASSES

Classes, workshops, conferences and music camps are concentrated intensive studies that are formatted for day to week events and offered throughout the year. Topic, content, fees and availability vary. Enrollment for all classes and lines of study may be done in person at Fine Arts at the Mountain or online at fineartsatthemountain.com.

#### **ONLINE CLASSES**

All virtual classes must be approved for audio and visual. In order to insure the quality standard for excellent studio study, FAATM has designed and made available for you the equipment and instruction necessary for your virtual studio. Our retail department guarantees lowest cost and highest quality for our students. Enrollment for all classes and lines of study may be done in person at Fine Arts at the Mountain or online at fineartsatthemountain.com.

#### **INSTRUMENT SALES, SET UP & REPAIR**

At Fine Arts at the Mountain, we believe that perfect practice breeds excellence, and having the right instrument helps to optimize individual progress. Instruments should fit the student and may require upgrading as the student grows and/or progresses. The FAATM faculty is knowledgeable about new, used, or rental options and can assist in the decision making process.

As an added convenience, Fine Arts at the Mountain offers a complete line of musical instruments, music books, audio tracks and accessories. Our instruments are throughly inspected and professionally set-up for proper playability at no extra cost.

All of our instruments are serviced in house at our music store in Sewanee. No sending out, long waits or high costs. All instruments are handled with care. Depending on the extent of the service, most instruments dropped off in the morning are ready the same day.
