

# Dunbar Rock

## Private island getaway

November 20-27, 2021 • \$4,240

### Where are we diving?

Dunbar Rock's reef is a protected marine reserve, making it an ideal spot for scuba diving. The reef system is ideal for macro and wide-angle photography. With over 50 dive sites, you'll get the opportunity to dive vertical walls, pinnacles, lava tunnels, and wrecks. Scuba divers frequently see Angelfish, Hamlets, Butterfly fish, Creole Wrasse, Grouper, Jackfish, Moray eels, Octopus, Parrotfish, and resident Nurse shark, "Jack-Jack"! While many dive operators claim to have "concierge diving" no one compares to the incredible service Dunbar's dive team provides. Join trip leaders, Mary Stanford and Dwain Gardner for a great dive getaway!

### Where are we staying?

The Villa on Dunbar Rock is a truly unique experience. This 15,000 square foot property is perched on an outcropping with 360° views of Sandy Bay, Guanaja, and surrounding cays; this unique resort blends beauty and serenity. With a cardio room, infinity pool, private white sand beaches, a pool bar, on-call masseuse, and complimentary laundry service. The concierge treatment you receive on the dive boat is just as spectacular at the villa.
