

## "Let What you do each day be enough"

*This is advice I was given by a very wise and dear lady whom has walked beside me in life. It is easier said than done but it is very powerful and if practiced gives peace at the end of a hectic day. God Bless you Anna Mariel!*

### CUTTING

Cut background square 8 x 8 inches

Cut (12) petals from white wool

Cut (2) leaves from green wool

Cut (1) flower center from gold wool

Cut (1) stem from green wool

### ASSEMBLY

Mark  $\frac{1}{2}$  inch on all sides of the background square – this leaves the center area 7 x 7 inches. You can trim this down for framing. Transfer the wording to the background with either a water erase marker, chalk marker, or transfer eze. Arrange flower petals to form the flower. Place the flower center in the center of flower. Place stem under the bottom edge of the petals. Place a leaf on either side of the flower stem. Tack stitch petals, flower center, stem, and leaves in place using matching thread. Stem stitch vein lines in the leaves (refer to diagram). Backstitch the lettering using a contrasting thread from background color. Trim to frame opening size. Frame and enjoy!!

Let  
what  
you do  
each day  
be enough
