No prep work necessary.

Additional Supplies:

Walking foot for Cuddle Scarves

Matching thread for hand sewing opening.

**Please note to protect the copywrite of all patterns used during our retreat we will not refer to measurements needed at anytime during the broadcast. You will need to have the pattern with you to follow along as we make each project. I know many of you are planning on working with a friend or in a small group. Please, do the right thing. This is how pattern designers earn their living and can continue designing future projects. Thank you in advance for your cooperation and understanding.**
