

Block of the Month Programs

General BOM Information

All BOM members pay a non refundable sign up fee for each BOM program in which they are participating (Some BOM programs may have a larger sign-up fee. This occurs when participants will be receiving a book or large quantity of fabric in the first month).

Credit cards will be held through WorldPay Vantiv in a secure database. **PayPal is NOT an acceptable form of payment due to the monthly payments required.** Please be sure the card you give us has an expiration date beyond the end of your program, or call us with a new number BEFORE it is needed.

Kits will be available for pickup on the first Saturday of each month. No kits will be available to pick up early nor will they be mailed out early before the first Saturday. When you sign up for any BOM program, the entire year's worth of patterns, fabric and/or supply purchases by our shop is allocated to you. That means we have already incurred the expense. There are no cancellations! Your card on file will be charged each month, through the end of the program date.

All members are expected to review their packets each month to be sure they have received everything they should have. We do sometimes make an error in cutting, and while we will make every effort to correct the mistake, we cannot promise to have the exact same fabric months after the fact. Please review your packet (at the very latest) BEFORE the next BOM pickup, or before the next shipment to let us know if a mistake was made. If your notification occurs after that, we cannot guarantee an exact replacement will be available. If we become aware of an error that has occurred in everyone's packets, we will mail out corrections or replacements immediately.

In Store Participants

Block of the Month kits will be available for pickup on the first Saturday of each month (unless otherwise noted). Your credit card will be charged on the start date and then ever 30 days after that.

Kits may be mailed to you if you reside out of town for any portion of the year. Just let us know when to turn on and off mailing.

By Mail Participants

A shipping fee of \$5.95 will be added to your monthly fee. To save on shipping, get a friend to participate with you, or even more fun... get a group together once a month after your packet arrives, pass out the blocks and sew together! We're happy to combine shipping to save you money (all additional kits will be charge \$2 for shipping instead of \$5.95). Kits are mailed out the week FOLLOWING the first Saturday of each month. Your credit card will be charged on the start date and then ever 30 days after that. Shipping fees are subject to change per the USPS.
