

Kimberbell Clear Blue Tiles - Let's Quilt in the hoop!

Supply List:

- Embroidery Machine
- Power Cord
- Basic embroidery supplies ie: snips, scissors, Kimberbell Tape, etc.
- Double-sided scotch tape
- Embroidery thread to quilt (I would suggest a thread that closely matches your background fabric)
- Centering templates that came with your embroidery machine hoops
- Clear Blue Tiles Essentials Set (including all the notions inside the box and the USB)
*Note if you can't read the full design name on the Clear Blue Tile USB on your embroidery machine please either rename them on the USB or copy them to another USB with the size of the file first.
- Seasonal Houses Table Runner top completed. Instructions are located on the Clear Blue Tile USB. If you are unable to complete the table runner you will need a piece of fabric that measures approx. 12.5" x 28.5" and is somewhat light in color or you could also use a fabric panel with squares or just a regular one. For the class please don't bring anything measuring over 24" by WOF.
- Batting and backing need to be approx. 8 inches larger than the measurements of your quilt top. (4" on top, 4" on bottom, and 4" on both sides)
