

Evergreen Fern Class Supply List

Pre-cutting the fabrics is a mandatory requirement prior to taking this class. Please begin preparing for class several weeks in advance to make sure that you are familiar with your pattern and can complete the pre-cutting before arriving.

Fabric Selection: Please refer to the yardage on the back of your pattern for the required fabric amounts.

Please Note: On the second to last page there is a diagram showing where each fabric is located within the quilt. Please use this diagram when picking out fabrics; it will help you with color placement.

Preparing your Foundation Papers: Please read and follow the instructions for "Foundation Papers and Template Sheets" on page 2.

Note: PLEASE PAY SPECIAL ATTENTION THAT YOU DO NOT CONFUSE FOUNDATION PAPERS WITH TEMPLATE LAYOUT SHEETS.

- Foundation Papers: These are the foundations that you will sew the fabric directly onto. These need to be trimmed leaving a 1/8' border. Do not cut the individual units apart.
- Template Layout Sheets: The template layout sheets are used to cut your fabric. You will cut through these templates when you cut certain parts of your fabric. These need to be trimmed leaving a 1/16" border and used per the directions in the pattern.
- Templates: The templates are also used to cut your fabric. Unlike template layout sheets where you don't have to be exact when cutting out your fabric using them, with templates you must be exact when cutting out your fabric.

The following items will be used in class:

- Sewing Machine with a Quarter-inch foot
- Medium Size Cutting Mat (a nice size is 18"x 24")
- Rotary Cutter
- Size 70 Needles
- Glue Pen (Fons & Porter, Sewline or Avery)

- 12" Add-a-Quarter Ruler
