We look forward to the opportunity to finish your project.

We use the utmost care and consider it our privilege to join with you in this creative process.

## QUILTING SERVICES PRICING

Pricing is based on an estimate and can be adjusted upon pick up. It isn't possible to properly predict time and materials used in the process. It is based on density of the quilting, which is the amount of bobbins used and stitches in the computerized program. Designs can be made bigger or smaller and is up to you and your consult with the designer.

- **Large Overall (loosely quilted, no computer used)**  
Edge to edge basic meander \$.02 inch
- **Medium Overall (medium quilted free motion or simple computer, no back tracking)**  
Edge to edge basic \$.03 - .04 inch
- **Small Overall (densely quilted, free motion or computer)**  
**Large** edge to edge \$.05 inch  
**Small** edge to edge \$.06 inch
- **Custom Quilting** \$.07 inch on up
- **Basting for hand quilting** \$.015

**Minimum charge is \$50**

## PREPARATION REQUIREMENTS:

- Maximum width of back on one side is 130" The other side can be longer.
- Backing and batting must extend 6" beyond the quilt top on all the sides.
- We sell Quilters Dream batting on rolls so there are less wrinkles and creases.
- Bed Sheets will not be accepted for backs
- Top and back must have threads clipped, seams secure, be neatly pressed and squared. Please stay stitch 1/8" around the perimeter or serge around the quilt top. This prevents seams from popping open.
- Quilt top, batting and backing provided by the customer should not be pinned together.
- Backing must be sewn together by customer if in sections. It's best with 1/2" seams and pressed open. Wide backs are preferred.
- If backing is seamed, the quilt finishes better if the seam is horizontal to the top edge.
- TFQS is not responsible for folds in the fabric due to fullness in seams or borders while quilting.
- All quilts are finished on a first come first serve basis.

Check quilt top, back & batting for size:
