

## *La Paz, Mexico*

## *Costa Baja Resort*

***Diver: \$3034/person double***

***Non-diver: \$2725/person double***

**September 18th - 25th, 2021**

Long and deserted, the contrast of the pristine blue ocean and the unique living desert make the peninsula of Baja California one of the last frontiers for nature lovers. The Sea of Cortez is well known worldwide for its excellent conditions for scuba diving. No other area gathers more magnificent dive sites than the surroundings of La Paz, with three of the most beautiful islands in the gulf that contribute to a well earned fame of being a place where almost anything can happen at any time. The privileged location of Costa Baja Resort allows more quality time at dive sites. You can explore beautiful islands and beaches during expeditions. Playful sea lions and wide variety of tropical fish delight divers and non-divers alike.

During the 17 mile boat ride, schools of dolphins and the occasional transient whale encounter add even more excitement. Possible sightings include manta rays, sea lions, grey whales, whale sharks and blue whales. Also seen are different tropical fish and several wrecks.
