

Mermet Springs

Illinois

\$125

June 19th - 22th, 2020

Mermet Springs is a spring-fed quarry located in Southern Illinois that is surrounded by woods with granite-rock cliffs rising from the water. Mermet Springs offers divers visibility up to 60 feet and depths up to 120 feet. There are many sunken treasures to find and explore including a Boeing 727 airplane. There is a variety of local aquatic life seen which include bluegill, catfish, American Paddlefish and freshwater jellies. Mermet Springs is set up for all levels of divers. There are 7 training platforms, docks that provide easy entry and exits & covered training pavilions.

Working towards that MASTER DIVER rating?? Mermet Springs is a great place to take your Specialty Certification Dives.
