Phone: 573-291-5094

#### Biographical Information:

Gayle Unruh, originally from Central Kansas, has taken the knowledge passed down from family quilters for the 1800s, 1900s and 2000s and tries to continue their legacy. Before moving to Texas, she lived in Missouri where she learned to do longarm quilting and acquired a longarm machine. She has expanded her quilting skills in the area of art quilts and often incorporates travel scenes and nature into her art.

Workshop: The Panel One-Block Wonder Class takes six identical Panels of your choice and makes them into kaleidoscope of color, values and contrasts around one original panel. This technique has a lot of “play” to it. The skills you will gain include how to choose the right panel, align and cut six layers of fabric, and play with the alignment of the “kaleidoscope” and the placement of blocks before sewing the final outcome.

Come join us at NuStyle Quilt Shop to make kaleidoscopes of fun around a fabric art panel (this technique has lots of “play” to it) at the One Block Wonder Panel Workshop

March 6<sup>th</sup>. 2026 (Friday) 10:00-4:00  
CLASS FEE: \$50.00 LUNCH \$10.00
