Diving Little Cayman

Legendary Wall Diving in a Relaxed Island Paradise

Little Cayman is one of the Caribbean's most iconic dive destinations, known for dramatic wall diving, crystal-clear water, healthy reefs, and a peaceful island atmosphere. The island's signature dive area, Bloody Bay Marine Park, offers sheer coral walls, colorful sponge growth, swim-throughs, turtles, eagle rays, reef sharks, groupers, and clouds of tropical fish along one of the most famous drop-offs in the Caribbean. Nearby Jackson's Bight adds shallow reefs, sand channels, coral heads, and beautiful light-filled swim-throughs that make each dive feel different. Above the water, Little Cayman keeps the pace easy and uncrowded, with quiet beaches, warm breezes, and the relaxed charm of a true dive getaway. This is the kind of trip where divers can enjoy world-class reefs by day, great meals with the group each evening, and a laid-back island setting that makes Little Cayman a favorite for returning Caribbean divers.

Little Cayman Beach Resort

Little Cayman Beach Resort is a classic Caribbean dive resort built around easy access to the island's famous reefs and walls. Located on a white-sand beach in Blossom Village, the resort offers comfortable air-conditioned rooms, tropical grounds, a pool and spa, chef-prepared meals, and relaxed gathering spaces after diving. Reef Divers operates onsite, making the dive days simple with boat diving, gear handling, rinse tanks, and drying space for dive equipment. With Bloody Bay Marine Park and Jackson's Bight nearby, the resort creates the perfect home base for a laid-back week of world-class wall diving, great meals, and easy island comfort.

Required

More About Little Cayman

What makes Little Cayman such a famous dive destination?

Little Cayman is best known for Bloody Bay Marine Park, one of the Caribbean's most legendary wall diving areas. Divers can experience dramatic drop-offs, clear blue water, colorful sponges, healthy coral, turtles, reef fish, and the feeling of flying along the edge of the wall.

Is this trip good for newer divers?

Yes, but divers should be comfortable in the water and ready for boat diving. Little Cayman offers excellent conditions, warm water, and beautiful reef sites, while the wall diving is best enjoyed by divers with good buoyancy control. Advanced and Nitrox training are great options for this trip.

What marine life might we see?

Divers may see sea turtles, eagle rays, reef sharks, groupers, barracuda, colorful reef fish, sponges, coral gardens, and small reef creatures hiding along the wall and in the shallows. Every dive has the potential for beautiful scenery and classic Caribbean marine life.
