

Realize Your Creativity

Built-in Wi-Fi

It is easy to send embroidery designs from mobile device or computer to the machine

Transfer Files

Stitch Monitoring

Multiple-spool Holder Stand Allow to line up for several spools of threads, and it will make your sewing and embroidery more convenient

Independent Bobbin Winding System

There is no longer need to re-thread when winding the bobbin. And it will save time by winding bobbin while sewing or embroidering

5"TFT LCD Color Touch Screen, OS System Installed

NECCHI Creator

> 5"TFT LCD color touch screen allows you to control and adjust lots of features on your machine easily, and it helps to check your designs in color before starting

Large Embroidery Area Up to 160 x 260mm (6.3" x 10.2") embroidery area unleash your creativity

Realize your creativity

Advanced Auto Threader Advanced auto threader allows you to start sewing quickly

Extension Table Included The included extension table provides a larger working area when working with larger projects

Auto/Manual Presser Foot Lifter

Available to select either automatic or manual presser foot lifter

Bright Illumination With 5 ultra bright LED lights

Knee Lifter Raise the presser foot by knee lifter which keeps your hands free to focus on your project

Electronic Buttonhole Foot Provide the fine tuning adjustment of the buttonhole length and width to achieve a perfect buttonhole

Dual Feed System Help to feed your fabric from the top to bottom at the same time, which results in better feeding capability

Pivot Function At the end of every seam, the presser foot will raise, with the needle in the down position

Box Feeding System The feed dogs move in a square which results in better feeding capability

Multi-function Foot Controller Control up to 4 different programs by simply press your foot controller

Artist Tool App

With Artist Tool App, you can leave your machine and create or edit your designs and monitor embroidery progress anywhere.

Artist Toolkit

Artist Toolkit is an easy to use but multi-function and MAC OS.

70 Embroidery patterns included. Free to rotate, align, array and edit your designs.

Manage and create letters by 11 built-in fonts. You can even change its shape and size, place text on a path or on any shape you have created.

Create your personal monogram ideas by different selection of fonts and frames.

PAINT MODE

Draw different graphics and line to create your own design easily.

- · DRAW POLYLINE
- DRAW CURVE
- · DRAW ARC
- PAINT MODE
- · OPEN /CLOSED CURVE
- · PRESSURE SENSITIVITY
- · APPLIQUE

PHOTO STITCH

Capture images and convert them to cross stitch, random stitch and overlap satin stitch. Easy to convert your photo to a beautiful embroidery design.

PRESSURE *** **SENSITIVITY**

Take advantage of the pressure sensitivity feature to create paint strokes by using your pressure sensitive stylus. You are free to control width, spacing, angle, or jitter based on the pressure of your stylus on the tablet.

X Pressure sensitive stylus is mandatory
