

# FARMHOUSE FRIENDS

## Christmas Village

Our Christmas Village quilt was part of our "12 Weeks of Christmas" sew-a-long. If you ordered a project kit from us, you received a free block kit to make this quilt. We've had SO MANY requests for this project we are offering the kits for sale. Each participating designer will sell the kit for their block (which includes the pattern) The patterns alone are not for sale at this time in fairness to the customers that had to purchase something from us to get them.
