

# Indigo Quilt Studio

## Sample Maker (Part-Time Contract)

*Lincoln, Illinois or Remote*

Indigo Quilt Studio is a welcoming, creative retail shop offering high-quality sewing and quilting supplies, classes, and longarm quilting services. We're looking for a skilled Sample Maker to create quilt tops, bags, and other projects that will be displayed in our shop and used to promote quilt kits, fabric collections, and classes.

This is a flexible, part-time independent contractor position that allows you to sew on your own schedule while contributing to the inspiration and creativity of our shop. Because projects vary throughout the year, this role is best suited as a flexible source of supplemental income rather than full-time employment.

- Follow patterns accurately and consistently
- Maintain a high standard of workmanship and attention to detail
- Meet agreed-upon project deadlines
- Return completed projects in a clean, professional condition

---

### What We'll Provide

- Fabric, patterns, and project materials
- Flexible project-based scheduling
- A steady variety of interesting quilting projects
- Clear expectations and project timelines
- Compensation on a per-project basis

---

### What We're Looking For

- Strong quilt piecing and or general sewing skills (experience with a variety of techniques is a plus)
- Ability to read and accurately follow written patterns
- Attention to detail and pride in craftsmanship
- Ability to work independently and meet deadlines
- Access to your own sewing machine and sewing workspace
